

AMR Global Governance structures

Role recognised globally

- **2024 UNGA HLM on AMR political declaration**

#28 *“Enhance existing frameworks and mechanisms, including but not limited to the **AMR Multistakeholder Partnership Platform**, biennial ministerial conferences on antimicrobial resistance and other relevant conferences, in order to **facilitate the multisectoral exchange of experiences and best practices and assessment of Member States’ progress in implementing national action plans on antimicrobial resistance.**”*

- **2024 Jeddah Commitments**

#5 *“Support the periodic convening of National Food, Drug and Environmental regulatory bodies and agencies, including through the Regulatory Agencies Global Network against AMR (RAGNA) and the **Multistakeholder Partnership Platform (MSPP)**, to globally share best practices..”*

*call on the Quadripartite and **AMR Multistakeholder Partnership Platform** to **conduct a fully-fledged stakeholder mapping exercise** to outline all relevant, national, regional and global initiatives on AMR and provide a gap assessment of how these can converge, build partnerships with each other aligned with the United Nations SDG Goals 17 to create greater impact.*

- **2024 G7 Health Ministerial communique**

#72 *In order to maintain political momentum, and to promote the development of necessary actions, we will support international processes such as the biennial ministerial conferences on antimicrobial resistance and the **AMR Multistakeholder Partnership Platform** that regularly convene to support Member State discussion on progress, including multisectoral exchange of best practice and National Action Plans.*

- 
- Facilitation of **multisectoral exchange of experiences and best practices**
 - **Support Member States discussions on progress and National Action Plans** – establishment of a collective follow up/stocktaking mechanism
 - **Mapping of stakeholders**
 - **Hosting and support to the multi-stakeholder consultations for the IPEA and GAP update**

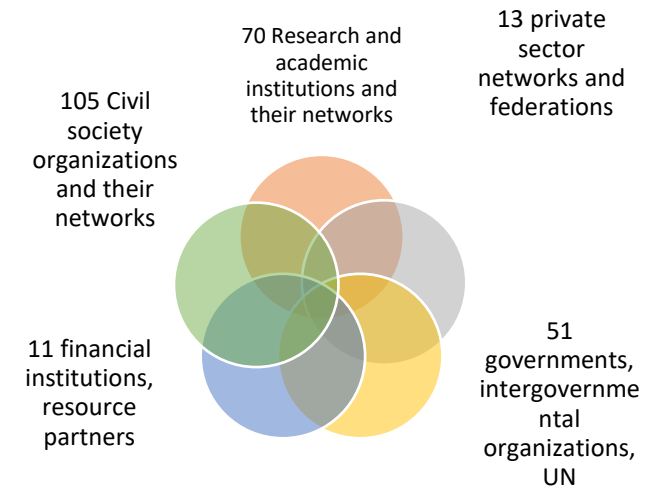

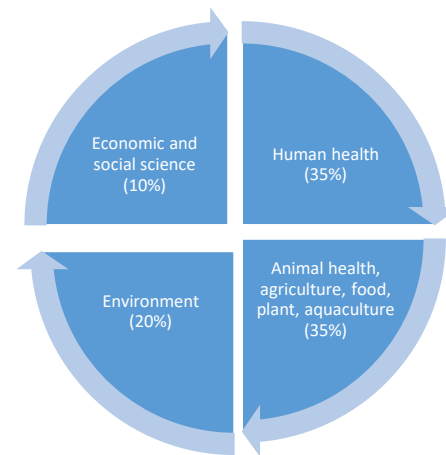

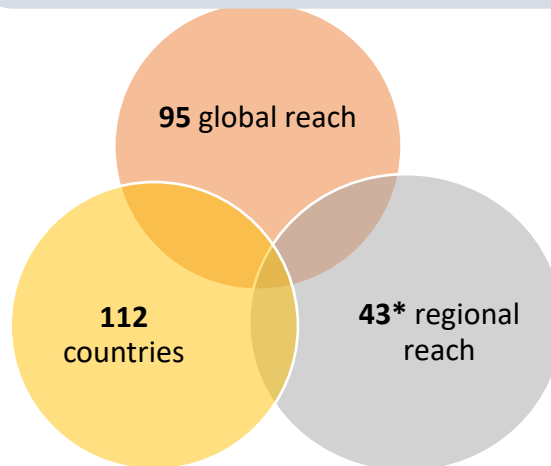

AMR MSPP - a diverse, multisectoral growing global community of AMR actors

Aims:

1. Promote a shared vision for action to tackle AMR;
2. Facilitate information-sharing and networking;
3. Support concrete actions that substantially advance progress in containing, combatting, and ultimately reversing AMR.

Established and facilitated by the
Quadripartite organizations (FAO, UNEP,
WHO and WOAH)

- **250+ members** across governments, private sector, research, finance, and civil society
- **Balanced representation across human, agrifood, environmental, and social sciences**

Tanzania, Zimbabwe, New Zealand, Czech Republic, Vietnam, India, Uganda, Sudan, Nigeria, Saint Vincent and the Grenadines, Barbados, Cote d'Ivoire, Malawi, Saint Lucia, UK, Morocco, Ireland, Pakistan, North Macedonia, Canada, Australia, Germany, Ethiopia, Bangladesh, Ghana, Sri Lanka, Thailand, Iraq, Montenegro, Burkina Faso, DRC, Portugal, Nepal, China, Sweden, Switzerland, Jordan, Trinidad and Tobago, Sierra Leone, Sudan, Mozambique, Panama, Brazil, US

and philanthropic
donors

Power of collaboration – your voice matters!

What is the value of a structured stakeholder engagement? (constituency clusters)

- Strategic alignment and coordination;
- Peer exchange and best practices;
- Sector/constituency-specific advocacy and representation;
- Formulation of collective positions on sectoral issues;
- Connection with counterparts facing similar challenges;
- Improved coordination with other stakeholders;
- Structured approach to cross-sectoral discussions.

Each cluster is represented in the Steering Committee by a nominated representative, ensuring that the cluster's voice is brought into the global coordination of the Platform.

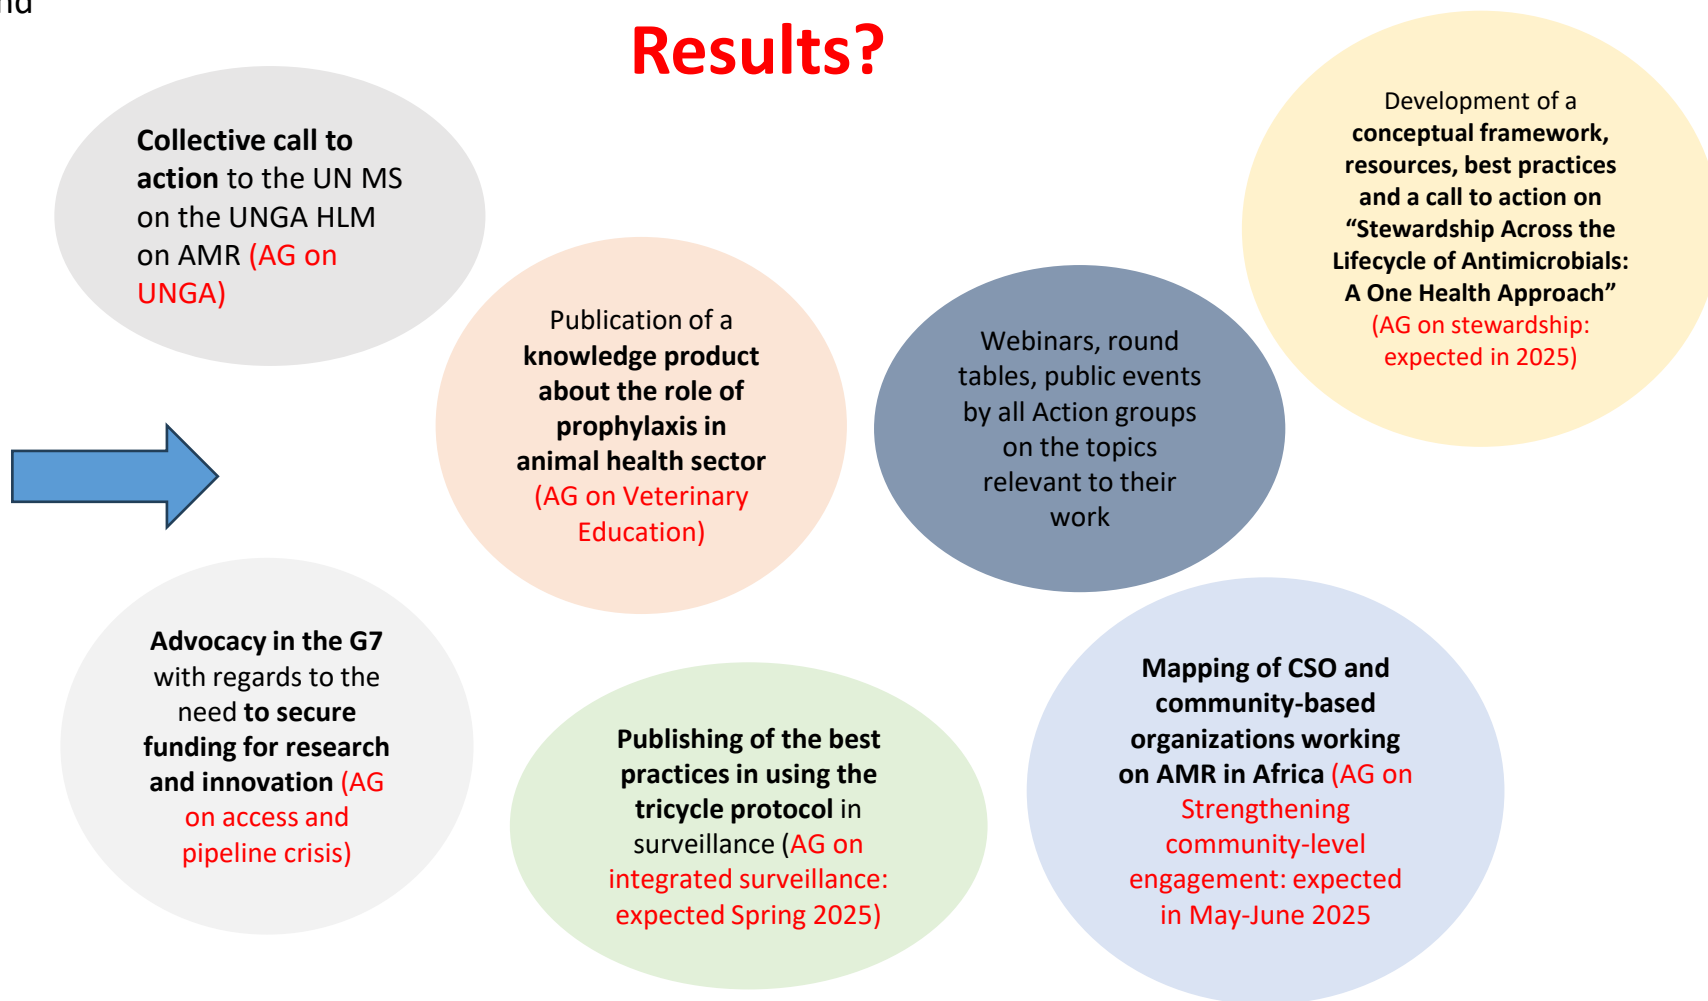

Success story:

Ahead of the UN General Assembly High-Level Meeting (UNGA HLM) on Antimicrobial Resistance (AMR), the cluster of governments, intergovernmental organizations, UN agencies, and specialized organizations used their cluster dedicated space to informally align their positions, establish key linkages, and ensure a cohesive approach to member state consultations.

How MSPP turns ideas into action?

- **13 Action Groups** driving change applying a One Health approach
- Multi-sectoral and interdisciplinary groups
- Action-oriented and results-focused, time-bound

- 1) UNGA HLM on AMR
- 2) Access and innovation
- 3) Financing for AMR
- 4) Advocacy for RM strategies in LMICs
- 5) Integrated AMR/AMU surveillance
- 6) Stewardship
- 7) Education and awareness raising
- 8) Drivers of AMR in Asia-Africa (India, Nigeria, Democratic Republic of the Congo and Tanzania)
- 9) Strengthening of community –level engagement (mapping of CSOs in Africa)
- 10) Animal welfare
- 11) Veterinary Education
- 12) Inter-regional exchange of best practices
- 13) Drug-resistant Tuberculosis

Elevating voices and shaping global dialogue!

United Nations
**Multi-stakeholder Hearing
on Antimicrobial Resistance**
15 May 2024 - Trusteeship Council,
United Nations Headquarters, New York

In 2024, MSPP facilitated **multi-stakeholder engagement and representation** at UNGA HLM on AMR and 4th Ministerial conference: 200+ AMR experts contributed globally

Networking with global leaders & decision-makers
Co-creating policy solutions & shaping international strategies
Amplifying your work and voice through global recognition

Your voice and
expertise could
shape the next
global
conversation!

Strengthening internal cohesion

- **15 constituency meet-ups** driving sectoral coordination and alignment
- **Regular Action Groups** meetings and events driving action
- **Quarterly Steering Committee meetings** ensuring strategic direction
- **2nd Plenary Assembly** organized on the sidelines of the 4th Ministerial Conference
- **Virtual Hub and monthly newsletter** – virtual tools and spaces to share ideas, publications, and knowledge

How to join?

- Sign up for the AMR MSPP membership
- Join/propose an Action Group of your interest/priority & build partnerships and co-create solutions
- Participate in the upcoming IPEA and GAP consultations
- Promote your work via the Virtual Hub and newsletter
- Share your insights and coordinate your sector's voice via clusters

Be part of the global solution – Join MSPP today!

The MSPP is supported by the European Commission (DG SANTE) – we THANK YOU!
