#EUHPP LIVE WEBINAR
Using GenAI to Unlock the Value of Unstructured Health Data for EHDS

16 JUNE 2025, 14.30 – 15.30 CEST, BRUSSELS TIME

Dear colleague,

We invite you to join this #EUHPP Live Webinar.

Discover how GenAI is transforming healthcare interoperability by extracting structured data from diverse, unstructured content, such as scanned documents and images, faxes, and free form provider notes.

As a more affordable alternative to AI/ML solutions, GenAI can use a multilingual approach spanning across all 24 languages in the EU to unlock inaccessible information while also reducing the risk of human error and decreasing the need for time-consuming manual processes.

Register to this webinar following this link.

Once registered, you will receive the calendar invitation from Webex. Please pin it in your calendar and go back to it on the webinar day.

This webinar will be held in English.

If you have any further questions, please contact sante-hpp@ec.europa.eu

We are looking forward to welcoming you online.
